

LEFT, RIGHT & CENTER

The Tenth Amendment Movement is not about any specific political party or politician. It's about Liberty.

RALLY BEHIND THE CONSTITUTION

The Federal government is authorized to exercise only those powers which have been delegated to it in the Constitution. Thus, much of what the Federal government engages in today is not constitutional.

CHECKING FEDERAL POWER

Thomas Jefferson and James Madison warned us that if the Federal government were ever to have the sole and exclusive right to judge the extent of its own power, that power would continue to grow – regardless of separations of power, elections and other commonly cited limits on government power.

THE 10TH AMENDMENT MOVEMENT

10TH AMENDMENT CENTER

The Tenth Amendment Movement is an effort to push back against unconstitutional federal laws and regulations on a state level. The principle is known as "nullification," and was advised by many prominent founders.

A Mainstream Movement

NULLIFICATION

When a state 'nullifies' a federal law, it is proclaiming that the law in question is void and inoperative, or 'non-effective,' within the boundaries of that state; or, in other words, not a law as far as the state is concerned. To effectively nullify a federal law requires state action to prevent federal enforcement of that law within the state.

BENEFITS MAINSTREAM AMERICANS

Current nullification efforts span the political spectrum. They include resistance to federal laws and regulations on health care, guns, marijuana, use of national guard troops, monetary policy, and more.

FREEDOM OR SUBMISSION?

Thomas Jefferson once wrote – “The several states composing the United States of America are not united on the principle of unlimited submission to their general government” He and many leading founders advised us to look to state governments whenever 2 or more branches of the federal government were conspiring against the Constitution and your liberty. We feel that time is now!

FREEDOM IS OUR BIRTHRIGHT

Nullification efforts are not contingent on gaining approval or validation from the federal government. The goal of the Tenth Amendment Movement is for “We the People” to exercise our rights whether the federal politicians or the federal courts want to grant us “permission” to do so or not.

JUDGE ANDREW NAPOLITANO

COLUMBUS OHIO

AUGUST 1ST 2009

“In the long history of the world, very few generations have been granted the role of defending freedom in its maximum hour of danger. This is that moment and you are that generation! Now is the time to defend our freedoms.”
